Comments:

Page 40 of the draft Diagnosis ends in a hanging sentence, at least the version linked to from the front page:

[http://www.austintexas.gov/sites/default/files/files/Planning/CodeNEXT/Austin\\_CodeDiagnosis\\_PublicDraft\\_web\\_050514.pdf](http://www.austintexas.gov/sites/default/files/files/Planning/CodeNEXT/Austin_CodeDiagnosis_PublicDraft_web_050514.pdf)

It ends in "These very  
different types of places are being grouped together and regulated by the same zoning districts because the"  
And doesn't complete the sentence on the next page.

Just FYI!
